ACTIVE VIDEO

HOW IT WORKS

▶ **Our System:**

Captures Events in **"Real Time."**

▶ **When Your Alarm is Activated:**

1. You receive a text.
2. You can live view your cameras.
3. You get **video of what caused the alarm.**

▶ **Simultaneously:**

An Operator Receives the Alarm & Video

1. Live views all cameras.
2. Views **video of what caused alarm.**
3. Notifies and dispatches the police.

▶ **Result:**

Verified alarms have a **154%** higher capture rate

**NO PROPRIETARY SOFTWARE OR FIRMWARE
ENTIRELY BROWSER BASED**

NO MORE GUESSING GAMES

YOU AND THE CENTRAL STATION SEE WHAT CAUSED THE ALARM!

ACTIVE  **VIDEO**

Passive video systems become **ACTIVE VIDEO**
with our Central Station Services!

In addition to "Break-In" and "Hold-Up" notification,
you can also receive alerts showing you:

- Video of who armed or disarmed your system.
- Video of when your store room door or office is opened, etc.
- LIVE VIEWS from all cameras from a **PC, Mac, Droid, or iPhone – anytime.**
- Multi-location access from the same login.
